

**TO THE COURT OF FIRST INSTANCE AND SOLE INSTRUCTION OF BOLTAÑA**

**The Judge Mrs. MARIA SAENZ MARTINEZ**

**AFFIDAVIT OF FACTS**

I, Cipix Freeman, as a living free man, declare under my autograph and live fingerprint, that the following facts and explanatory memorandum are real, and there is no rebuttal to this day.

**FACTS**

On March 25, 2021, at the address C / La Peña 12, 22370 de Oto, a certified letter from your entity was received and destined for the legal person Ciprian Constantin Ghita for its summons in legal proceedings, under the following defects of form:

1. The letter was collected by a woman living at the same address and not by the addressee. Also on the envelope of the letter she puts an unintelligible and misspelled name.
2. The letter is unsigned and does not specify who is the complainant of the summons.
3. The letter does not specify the reason for the summons, only an interview "for the practice of judicial proceedings." I do not know what this represents, I do not do theatrical performances and I honorably decline the invitation.
4. The letter received is NOT signed by a living man / woman, so I have no way of verifying its origin, or if it is authentic.
5. The letter received is NOT signed by a living man / woman, so it cannot be determined who is responsible or final administrator of these actions.
6. In the letter it puts as quoted (in the lower right part) a name of a legal person that does not belong to any living man, and it is also spelled incorrectly.

Once the summons is known, I INFORM the sending entity that the letter is not intended for a living man, the addressee being a fiction, a legal person or a dead person who CANNOT respond as will be proven in the explanatory memorandum and documentation provided in this statement.

Therefore, not knowing the reasons for the aforementioned summons, not identifying myself as the addressee of the same and being aware that I have not carried out any act that has caused direct damage or harm to another living being,
